AWARDS
VENUE**

LAST EDITION IN FIGURE

NAVALIA 2024 was the best edition since its inception in 2006. Since then, the growth has been exponential, with participation increasing in every edition, rising from nearly 200 exhibitors in 2006 to 533 in the 2024 edition.

The eighth edition of the fair, which was inaugurated by His Majesty the King, gave this biennial event its definitive boost, and it made a significant impact in 2024. Thus, the ninth edition opened its doors with more than 500 exhibitors and 1,000 represented brands. Moreover, the fair saw an increase in international participation, with foreign exhibitors growing by 20% compared to 2022.

Navalia continues to climb the ranks of international fairs, being the leading one in Spain and ranking among the top three in Europe in its sector.

INTERNATIONAL SHIPBUILDING EXHIBITION

GALICIA, THE SHIPBUILDING CAPITAL

Vigo, the headquarters of Navalia, is currently the capital of the shipbuilding sector in Spain and one of the cities with the highest importance in the international market.

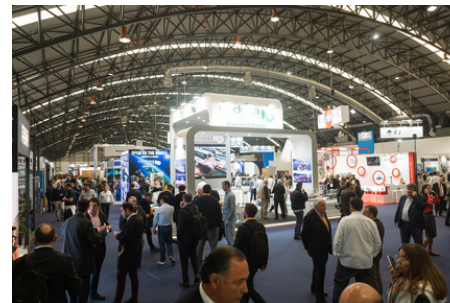

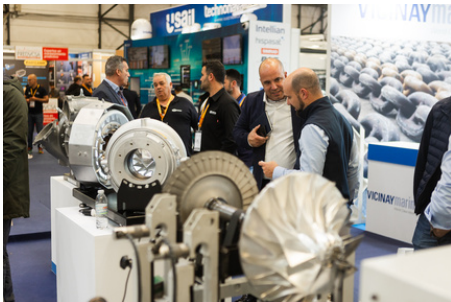

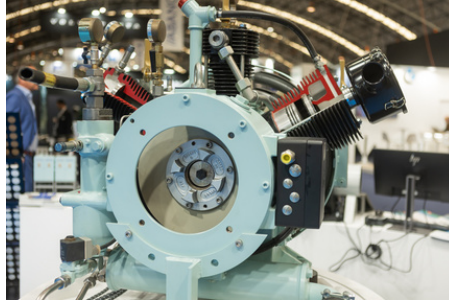

Some of the most important shipyards in the international context are located in Vigo and Pontevedra Bays and all of them are currently busy on many important projects in segments such as fishing, luxury cruise liners or research vessels.

The Navantia shipyard, which is one of the flagships of naval defence shipbuilding at the moment in the global context, is also located in the north of this region.

A SAFE BET

NAVALIA is an international trade fair that attracts leaders in the shipbuilding industry from around the world. Participating as an exhibitor offers the opportunity to connect with a global audience, establish valuable contacts and explore new business opportunities.

The trade fair also serves as a showcase for the latest innovations and technologies in the shipbuilding industry. Exhibitors have the opportunity to present their most advanced products and solutions to a receptive and specialized audience.
